Licensed to Wed.

Marriage licenses were yesterday issued to Albert Luff, aged twenty-three, and Clara Schoen, aged twenty, both of Wheeling. Also to William M. Clouston, aged forty-three, and Mary E. Linton, aged twenty-six, both of this city.

A Child Severely Burned.

Early yesterday morning a little child of Mr. Arns, who lives on South Main street, was severely burned about the head, breast and arms. The girl's little brother had accidentally set fire to his sister's dress, and their mother succeeded in extinguishing the flames after some trouble. Dr. Taylor was called in and attended to the child's burns.

Stockholders' Meeting.

The annual stockholders' meeting of the Wheeling Lime and Cement Company was held yesterday, and Henry Schmulbach, H. C. Caldwell, F. L. Hoge, James C. Lazear and Dr. S. B. Caldwell were elected directors for the ensuing year. Henry Schmulbach was elected president, Henry C. Caldwell secretary and treasurer, and James C. Frazier general manager.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows: February 13, by Samuel J. Hartsock and wife to A. J. McNash, for \$1,450, the north half of lot 6 and the south half of lot 7 in square 9 of J. and J. R. Baker's addition.

December 19, by Minnie Sivert, William H. Sylvius and Ida M. Sivert to Elizabeth Fouts and Nettie Spargo, for \$500, part of lot 46 in Jonathan Zane's addition.

A Meeting of Sheet Iron Men.

Pittsburgh Commercial-Gazette.

Ex-Senator N. E. Whittaker, of Wheeling, was at the Monongahela yesterday attending the meeting of the Association of Iron and Sheet-Steel Manufacturers. He said that about eight or ten members were present, but what business was transacted he could not say. He said that the sheet business was depressed in sympathy with other branches of the iron industry. He attributed the stagnation to overproduction. Turning to politics he said that West Virginia was for Blaine if he wanted the nomination, which he, Mr. Whittaker, thought he was in earnest in declining in the last letter.

CARROLL-RIESTER.

Two Popular young people joined in the Bonds of Matrimony at the Cathedral.

At St. Joseph's cathedral yesterday morning at half-past nine o'clock, Dr. John P. Carroll, the well known young dentist, was married to Miss Susie L. Riester, the daughter of Mr. Nicholas Riester, the manager of the Belmont mill. The young couple were married by Right Rev. Bishop Kain, at a nuptial mass, solemnized by the bishop, assisted by Rev. Father McElligott. The bridesmaids were Miss Gertrude Riester, a sister of the bride, and Miss Annie Hoffmann.

After the ceremony the bridal party repaired to the residence of the bride's father, where a sumptuous wedding breakfast was partaken of. A reception followed, and the newly married couple were the recipients of heartfelt congratulations from their assembled friends. A number of handsome presents, both useful and ornamental, were received. At half-past one o'clock Mr. and Mrs. Carroll took the B. & O. train for Baltimore, from whence they will visit other eastern cities.

Luft-Schoen.

Mr. Albert Luft and Miss Clara Schoen were married yesterday afternoon at half past three o'clock, at the church of the Immaculate Conception, by the pastor, Rev. Father Mallen. The attendants were Mr. Frank Schoen, a brother of the bride, and Miss Annie Amrein. After the ceremony a reception followed at the home of the bride's parents, and a fine supper was served to the attending friends and relatives. Mr. and Mrs. Luft will go to housekeeping immediately.

## THE W. & C. RAILROAD.

Some Fresh Information about the Work of the Engineering Corps.

### ROUTE THEY HAVE MAPPED OUT.

The Present so-called Preliminary Survey being Made with Care which Seems to Indicate that the Projectors Mean Business—Pointers as the Right Line.

As stated in the INTELLIGENCER yesterday, the surveying corps of the Wheeling & Connellsville Railroad Company reached Waynesburg, Pa., on Tuesday. In a letter to this paper announcing this fact a prominent citizen of that town adds the following information and suggestions:

The survey is being made with the very greatest care. The lay of the land is being noted, and buildings that stand as far as 300 feet from the line are noted on the maps.

They crossed the dividing ridge from Wheeling creek on to the valley in this state at Ackley's, at a point almost where Ohio and Marshall counties, W. Va., and Washington and Greene counties, Pa., corner, thence onto the south branch of Ten Mile creek, passing through Harvey's, Hagersville, Hinton and down the beautiful and rich valley to this place. The line surveyed by the South Penn Company about eight years ago is being quite accurately followed by the corps. It is our understanding that the Wheeling & Connellsville has in its possession the South Penn profiles, for which they paid quite a handsome sum. Then another survey was made about two years ago by some Pittsburgh capitalists who own a vast body of coking coal land between this place and Uniontown.

This object was to place this new coke field in the markets of the west by building a road from Uniontown via this place to your city. They also followed the survey of the South Penn, but the Pittsburgh capitalists have united with the Wheeling & Connellsville enterprise, and that give additional strength and assurances. The engineers will prosecute their work on to Uniontown. We are informed much care will be bestowed on the approaches on both sides of the Monongahela river, where the line crosses. The line touches the Fayette county side at the mouth of Beaver river.

The line as surveyed through this county is most desirable, indeed. It threads our county from west to east, a distance of fully thirty-seven miles. It is likely not a tunnel will be encountered in all that distance. The grade is easy, and the bridging of streams will be very light. The line threads a rich, densely populated and beautiful country in this and Fayette counties. In the event the road is built, and we all hope it will be, it will draw a passenger and freight traffic from either side for a distance of from twenty to thirty miles that is not feeding any other road and would naturally fall to the Wheeling & Connellsville road. This trade, which naturally belongs to Wheeling, goes to Pittsburgh.

The building of the road over this route is of incalculable value to your city. Your business men can thereby hold the trade from your city to Uniontown. We here, who realize the great benefits our county is to derive from this road, feel that your interests and ours are mutual, and we should pull together for the Waynesburg route. To build the road on the North Ten Mile route, north of us, or the Dunkard route, south of us, would not add a dollar in point of patronage to your city. Either route would parallel the Baltimore & Ohio, and you have your share of the trade from these sections.

These facts argue for this route, which is practical, most desirable and there would be given a greater local patronage than either of the other routes could possibly give it. It would also place Uniontown, which is now the centre of the Connellsville coking field, as near your city as Pittsburgh, thus giving your business men an equal chance for the trade of that thriving manufacturing city.

The people of our county will welcome this road with outstretched arms. They will give the free right of way and subscribe to the stock to their ability.

Our people are engaged purely in agriculture. This class do not usually build railroads, but our farmers will do their part, and that liberally, by the Wheeling & Connellsville. They are ripe for any movement. Your writer has had men to offer to subscribe to him, one man pulling out of his pocket a handful of nice crisp bills, desirous to back his words by the cash. We hope to see the iron horse traversing our country before the close of the present year. Such is our present faith.
